

Windup Solutions Consulting

We bring an efficient, people-centered strategy that quickly realizes value through improved operational manageability and secure delivery of a user-centered solution that consolidates cost.

57%

Savings when using Windup Solutions vs. Citrix Consulting¹

100%

On time delivery. We've never missed a deadline. Ever.

5%

Of all profits are donated to a tech nonprofit for kids²

We are committed to working with IT leaders who want to create inspiring digital work experiences, so their organizations can scale, compete, and win.

Customer Feedback

"[Windup] has played an instrumental part of the success of the IT team. [They are] incredibly thorough, not only in design but also documentation and just as importantly, diagnostics. [Their] talents in the datacenter, in meetings, roundtables and beyond always produce positive results. [They] will continue to be a valued asset to us."

- CIO, Commercial Real Estate

Our Values

- People first. Relationships matter. Working together.
- Tech is fun. Technology should make life simpler.
- Do better things. Give back. Contribute to humanity.

1 – Comparing retail consulting rate of Citrix Consulting to Windup Solutions

2 – Windup Education teaches technology to underprivileged high schoolers and Veterans, so they can get certifications, internships, and jobs

Do things better. Do better things.

Consulting Offerings
